Dear Chamber Members,

We hope everyone is getting some rest and relief after a hard summer season and dealing with the Swan Lake Fire. Your Cooper Landing Chamber Board is busy working on promotion for our business community by updating the Upper Kenai Visitor Guide for 2020 and renewing memberships as well as updating our website. We want to thank those members who have gotten their payments in and remind all to get any changes you have to your business listings in to us before the end of this month.

We'd also like to thank Sunrise Inn & Café for hosting our Fall Social Mixer and those 28 businesses and representatives from our local organizations who joined in on the fun! We hope to continue offering these networking opportunities to our members next spring.

The Chamber is also looking to receive more information from our members about the hardship and set backs caused to your business and livelihood caused by the fire in order to report it to the State of Alaska Department of Commerce, Community and Economic Development. Please watch your email in the next few weeks for correspondence regarding this request.

November is filled with our popular Library Sweepstakes Fundraiser, our fall Community Club Meeting, the Holiday Market, and ordering our Christmas Swags to support our Cooper Landing School. It is a fun and relaxing time in the Landing! Enjoy the peace, quiet and beauty of our wonderful little community! Cheers!

Happy Thanksgiving from  
your Cooper Landing  
Chamber Board!

# Cooper Landing Historical Society and Museum

Cooper Landing, Alaska

Saturday, Dec. 7, from 11 to 5, we at Cooper Landing Museum will hold our annual Christmas Open House and everyone is invited to the old post office for refreshments and a good time! We are working on a 2020 calendar featuring fires that threatened Cooper Landing from 1959 to this year's Swan Lake fire and we plan to have them to sell at the Open House. Kate Stevenson will be there with her Treasure Sales and homemade goodies and other items will be out on the tables for sale.

Mayme Ohnemus just donated her latest project to the museum: a three-inch binder bulging with obituaries of hundreds of people from Cooper Landing and the Kenai Peninsula. This is a welcome addition to our research section which is available to all interested. Many thanks to Mayme! I will bring it to the Open House.

# Thankyou Volunteers

CLSCCI is extremely appreciative of the wonderful volunteers we have in our community. Special thanks to everyone for volunteering, you are all greatly appreciated!

Thanks to Bruce Brorson, Larry Grant, Ken Green and Lorraine Temple for driving the buses. A special thanks to Ken Green for opening the gates at the Cooper Landing Transfer Site every morning and to George Anderson for closing the gates every evening.

Thanks to the Sexy Senior Dumpster Cleaners and other volunteers for ALPAR and ConocoPhillips highway and transfer site cleanups: George Anderson, Gretchen Alexander, Bruce & Sue Brorson, John & Fay Corbey, Lori Jo DeFrance, Anne Engbers, Gary Galbraith, Randy Givens, Larry Grant, Ken & Kate Green, Jacque Greenman, Skye High, David Lenig, Glen Maupin, Jan Mitchell, Bob Mohni, Duane & Mayme Ohnemus, Greg & Linda Raveaux, Jean Sether, Nick Vanderhoff, Anna & Gene Wheeler, Shirley Wilmoth, and visiting friends.

Thanks to Glen Parker and Norman Starkey for keeping our lawns mowed.

Thanks to Skye High for watering and general cleaning.

Thanks to Glen Parker for all our general maintenance at Snug Harbor Senior Haven. I apologize if I have overlooked anyone!

## Annual Appreciation Luncheon

Cooper Landing Senior Citizens Corp. Inc's 2019 Annual Volunteers Appreciation Luncheon was held at the Kenai Princess Wilderness Lodge. Many thanks to Mona Painter for her hard work organizing this wonderful event that was well attended by our local volunteers and dignitaries.

It is a wonderful time to make your end-of-year donations. Did you know that when you donate to the Endowment Fund in memory of a loved one, we will engrave a leaf with their name and add it to our beautiful Memorial Tree? The Memorial Tree is in the entryway of the Eagles View commons.

Donations may also be given to recognize living people. It makes a great gift, especially for those "hard to shop for" folks. We will send them a certificate to recognize your donation. We mail it out to arrive near a date of your choice; we can have it arrive near their birthday or Christmas.

## President's Corner

"The time has come," the Walrus said, "to talk of many things ..." And so, it has. Cooper Landing Community has had a challenging summer, but CLSSCI has soldiered on steadfastly - three productive board meetings, and Mario Carboni again wowed the August quarterly meeting with his second annual piano and song performance. Alice Main described the Stream Watch Program and Ed Holsten gave a history of Spruce Bark Beetles on the peninsula. Ed after many appreciated years on the board resigned after the September meeting to focus on other responsibilities - he will be missed and difficult to replace. After much Swan Lake wildfire ado, evacuation alerts, air-tanker scooping from the lake and appreciated information update meetings from the firefighters and KPB, the worries finally passed, and the smoke cleared. Stephanie Laumeister from the CL Chamber of Commerce wrote KPB Mayor Pierce outlining the fire's effects on local businesses. The Volunteers Appreciation Luncheon was held at the Princess where our guest representatives and visitors were presented with yellow Sexy Senior Bear badges. Jackie Greenman and Ann Engbers attended the Senior Housing Fair in Anchorage advertising CLSSCI. The dumpster bus faithfully completed its rounds with one lunch stop at the Highliner in Seward.

Much thanks to Gary Galbraith and Nick Vanderhoff for morning cleanup help at the Cooper Landing transfer station. AHFC came for a site review of the campus - noting little amiss except for a wasp nest or two.

In mid-August, the pothole glacier lake got into the act by emptying into the lake and river system, raising water levels significantly. Gretchen Alexander made the decision to move back to the Kenai Senior Center to be closer to family and medical facilities - she has not been forgotten - the bus has made two special trips to visit her. She enjoys the visits very much, the last being a visit to her new home and Mexican food in Kenai.

Issues came up at the board meetings that require expert help from our lawyers, they were quite helpful in giving us advice. We were reminded not to be overly gormless when approaching our problems, to work together and keep from being irascible - our problems are minor, and we need to resolve them without too much drama.

The big achievement for the quarter is getting Raven's View parking lot paved - hallelujah - a big thanks to maintenance and the board for cooperating to get this done, and especially to Glen Parker for doing the groundwork organization.

The fall road clean-up was bare bones with only 8 volunteers available due to mostly to personal schedule disruptions from the summer fires.

Wildman's will continue snowplowing this winter, the generator is working, EV and RV septic tanks were pumped, and maintenance issues are prepared for winter. Get-well, birthday, and thinking-of-you cards were sent where needed. It is smooth sailing for the foreseeable future with some unresolved issues that are receiving the full attention of the board.

Happy Fall 2019.

Ken Green  
CLSSCI President

## Happy Fall!

Now that summer has come to a close, we are looking forward to all that fall has to offer. From the chilly mornings and crisp days to watching the snow making its way down the mountains, to Halloween and Thanksgiving, it's a wonderful time of year!

## Bear Creek Egg-Take

On October 9, students in grades K-3 went to Bear Creek with Mr. Gossard for the annual salmon egg-take. With guidance from the Dept. of Fish and Game, they collected approximately 150 eggs which were then fertilized. The eggs were carefully transported to Cooper Landing School where they were put in an aquarium. When the eggs hatch, they will be returned to Bear Creek.

## Cooper Landing Community Club Meeting

Thursday, November 21st, 2019  
6:00 pm

Cooper Landing Community Hall

To Whom it May Concern,

My name is Matthew Holta and I am the Business Development Director for BDO's Alaska office, located in Anchorage.

I am reaching out to you today in an effort to share a service that we offer. This service is called Forensic Insurance & Recovery. I have attached some basic info on this service, but in short, we work on behalf of the policy holder (the business) to provide independent and objective perspectives when filing a claim and helping ensure that the policy holder is getting everything that they are owed by the insurance company.

With the catastrophic effects that the wild fires had this past summer on your community, I am sure that many business may be going through the process of filing claims and trying to figure out what value to place on their business interruption. This is where BDO can help, and in many cases the associated fees are actually reimbursed by the insurance carrier through the professional fees or loss adjustment coverage on many insurance policies.

I am not sure the best way to reach the individual business owners so I thought I would reach out to your organization to see if you might have any thoughts or suggestions.

I am happy to have a more detailed discussion and answer any questions if that would be beneficial.

Thank you for your time and consideration. Hopefully we can assist in a small way to help the businesses get back to normal.

# FORENSIC INSURANCE & RECOVERY

## EXPEDITING RECOVERY THROUGH FINANCIAL PROWESS

### OUR SERVICES

Companies affected by major setbacks face many obstacles – receiving appropriate and timely insurance payments shouldn't be one of them. BDO's Forensic Insurance & Recovery professionals focus in the quantification and compilation of complex insurance claims in several areas:

- ▶ Property & Business Interruption
- ▶ Fidelity / Employee Dishonesty
- ▶ Product Recall
- ▶ Construction Claims
- ▶ Cyber Claims
- ▶ Pre-Loss Business Interruption Valuation

BDO works on behalf of policyholders, providing an independent and objective perspective. Our long history of preparing fair and timely claims is respected by underwriters, adjusters, and their accountants, and has allowed us to recover more than \$8 billion for our clients.

As one of the world's largest accounting and consulting networks, BDO has substantiated and prepared some of the most complex property and business interruption insurance claims in both the United States and abroad. Events we have worked on include the terrorist attacks of September 11, Hurricanes Katrina and Sandy, the Thailand floods, and the Japan earthquake / tsunami, in addition to losses across six of the seven continents around the globe.

Before an event occurs, companies need to be prepared to manage the accounting documentation required to prove their claims in order to achieve financial recovery on an insurable loss. In addition to reactive services, we assist clients proactively, determining appropriate values to submit for each policy period, as well as completing the Business Income Worksheets for which policy premiums are determined.

We employ a service approach characterized by a high degree of senior-level involvement coupled with direct access to top technical resources, all with straightforward, proactive communication throughout each stage of the claims process.

**BDO's long history of preparing fair and timely claims is respected by underwriters, adjusters and their accountants, and has allowed us to recover more than \$8 billion for our clients.**

## A FIRM DEDICATED TO PREPARING COMPLEX INSURANCE CLAIMS ON BEHALF OF POLICYHOLDERS

### 01 Credibility

Our project leaders have significant experience presenting claims to carriers, adjusters and accountants. We have developed a reputation as insurance claim and risk management thought leaders. The mutual respect between our professionals and insurance company representatives can serve to help expedite a fair resolution to your claim.

### 02 Efficiency

Time is almost always of the essence in the insurance claim environment. Timely submission of a supportable claim often accelerates the indemnification process. Focusing on the most significant documentation issues immediately, we understand, anticipate, and prepare for contentious issues. We recognize the need to act quickly and our experience and training allow us to do so.

### 03 Knowledge

Committed to continuous learning, our project leaders attend and lead professional education conferences on business interruption topics. As one of the world's elite accounting and consulting organizations, we have direct access to industry and technical specialists around the globe.

### 04 Cost

Fees are often reimbursed by the insurance carrier through the professional fees or loss adjustment coverage on many insurance policies; therefore, in most cases our services result in no out-of-pocket costs.
